

MINICIPAL CHILDREN'S AND YOUTH PARLIAMENT

MCYP - MUNICIPAL CHILDREN'S AND YOUTH PARLIAMENT"

The parliament was founded more than 10 years ago. Except in Kozloduy, there are youth parliaments in many other towns in the country. The idea of these organizations is that there is room for any young person who has ideas and wants to find other young people striving for change.

We are a group of hardworking young people who do their best to be helpful to our community. With our fundraisers we`ve helped the local animal shelter, we`ve provided food aid for the elderly and youth in need for Easter, we`ve helped the National program "I want a baby". Our latest fundraiser was dedicated to families and children who suffered in road accidents.

We also participate in international and national projects and meetings, national fundraisers, discussions, initiatives, etc. We try our best to be active citizens that prove young people are interested in taking part in the development of our municipality.

The Youth Parliament works together with the Kozloduy municipality
as well as other youth NGOs and groups.
We hope to make Kozloduy more inclusive and attractive for young people.

YOUTH CALENDAR

The municipality of Kozloduy invests in a "youth calendar". The youth calendar is an annual plan dedicated to youth activities in the municipality. At the end of each year, we help create that plan by suggesting different new events, trainings and fundraisers. This year, the budget for the calendar is 55 467 leva.

It is very important for a young person to know that there is a place where they are welcomed with joy and their unusual ideas can be heard and appreciated.

**This place is the Youth club,
the heart of the MCYP.**

The great team of experts and mentors from the municipality are always ready to listen and help us. We are happy to have them by our side.

WHAT ARE WE STRIVING FOR?

We strive for only one thing – DEVELOPMENT. We try to encourage our members to be aware of the problems around them and to think of solutions that would solve these problems. We believe that once they start to enjoy doing what we do, they will encourage other young people to become part of the parliament. We work in a team while trying to achieve this goal. We support each other and believe that together with other young and ambitious people we will be able to build a good future.
