The town of Kozloduy is located 200 km. from the capital of Bulgaria – Sofia.

The region has traditions in agriculture and, of course, the production of electricity. It has a well-developed infrastructure and communications, highly qualified workforce.

Our town is known as the Atomic Capital of Bulgaria. The Kozloduy nuclear power plant has been operating for over 45 years and employs nearly four thousand specialists.

State enterprise radioactive waste - SE RAW (who welcome us for our working part of the program) employs over 1000 people.

# SPORTS

There are 13 sports clubs in our municipality. More than 400 athletes play in them, most of them children and teenagers. Football, judo, kickboxing, tennis, table tennis, swimming, handball, martial arts, horse riding – there are many and varied sports. We host national and international tournaments.

# The international rowing regatta TID, which starts from the source of the Danube, docks in Kozloduy

The National Museum “Parahod Radetski”, which is the only floating museum on the Balkans, is located on the bank of the river. On Saturday you will have the opportunity to enjoy the wonderful views, sailing along the Danube with the Radetski steamer. Our town is associated with one of the greatest personalities in Bulgarian history — the revolutionary and poet Hristo Botev. You will find out more about him during the your time on the fascinating Radetzky steamer.
